## Cambodia ~ The Temples of Angkor

Walk through history to a sunset at Angkor Wat

See the temples of Angkor close up, a remarkable experience, having existed for over 1000 years and surely built by an extraordinary civilization that dominated the south-east Asia region for six hundred years. There are a few places in the world where the forces of culture, intelligence and vision come together so splendidly; the region of Angkor on the north-western edges of the Tonle Sap Lake in Cambodia is one of those special places.
